A Health Home is a care management service model that connects all of a person's health professionals to improve communication so that all of a patient's needs are completely met. This is done primarily through a "Care Manager" who oversees and provides access to all of the services a person needs to make sure they have everything necessary to stay healthy, out of the emergency room, and out of the hospital. Health records are shared among providers so that services are not duplicated or neglected.

Adults or children must have 2 chronic conditions or 1 serious, persistent mental health condition and be eligible for Medicaid.

Chronic conditions include, but are not limited to the following:

- Asthma
- Obesity
- Alcohol or substance use disorder
- Mental health condition
- Hypertension
- Metabolic disease
- Visual Impairment
- ADHD

Individual Residential Alternatives (IRAs) are houses located throughout the Western New York community which offer a variety of different living options. These homes are designed to integrate residents into the community of their choice and create opportunities for successful living and increased independence. We offer community-style homes that provide residents with their own bedroom and a shared living space, as well as apartment-style home which feature complete apartments for residents.

Our Emergency Residence provides temporary housing to people with developmental disabilities who are in need of a place to live. Each resident receives a private bedroom and shares community space. This location is within walking distance to public transportation. Our team will assist people in gaining the skills necessary to live as independently as they choose. There is a maximum of a 135 day stay, however during that time our team will work with the person and their circle of support to secure permanent housing.

Our Transitional Residence for people with developmental disabilities helps those who are homeless. The unique home offers both a supervised, group-style setting and two supervised apartments. There is a maximum of a two-year stay; during that time our team will work with the person to formulate a person-centered plan based on your needs.

Our Safe House was the first shelter in the nation specifically designed for people with developmental disabilities who are victims of domestic violence, crimes and/or abuse. The Safe House provides confidential shelter for to people with developmental disabilities and their dependent children. Our goal is to actively assist them while they transition into a safe and permanent home. Placement is also available for people living in an unsafe or high-risk environment.
